

A Dive Rescuers Prayer

***When I'm called for duty God
to dive beneath the waves.
To search for an unfortunate soul
whose body they have claimed.***

***Let swiftness be my virtue
to find that soul in time.
Please let this be a rescue lord
and not the other "kind"***

***Be my eyes in the darkest lake
and guide me with your hand
that this person may be saved
when we return to land.***

***If this is not your will Lord
then please show me the way
to sort out this sad mystery
and to dive another day.***

***If things become the darkest Lord
and it's I that you call home
please guide my friends and family
that they'll never walk alone.***
